

21 Years of Ophthalmic Export Mastery (Est. 2004)

CENTRAL INDIA EXPORT (CIE)

Comprehensive Corporate Profile & Technical Capabilities Presentation

Premier Indian manufacturer and international B2B exporter specializing in certified, micron-precision ophthalmic surgical Consumables and Instruments, IOVUE™ intraocular lenses (IOLs), micro-surgical blades, ophthalmic solutions, and other Ophthalmic Consumables and equipment under one roof.

1. EXECUTIVE SUMMARY & CORPORATE DETAILS

Corporate Parameter	Official Details
Legal Business Name	Central India Export
Flagship Product Line	IOVUE™ Intraocular Lenses (IOLs) & Surgical Consumables
Year Established	2004 (21 Years of Ophthalmic Export Mastery)
Founder & CEO	Sandeep Vaid
Industry Classification	Ophthalmic Surgical Consumables / Equipment / Instruments Export
GSTIN Registration	27AAEFC8743J1Z5
Corporate Headquarters	5-6-7, Shri Vardhan Complex, Ramdaspath, Wardha Road, Nagpur - 440012, Maharashtra, India
Primary Export Desk Phone	+91-712-2522500 / +91-9823023023
Official Email Contact	cie@cieindia.com / vaidssandeep100@gmail.com
Corporate Web Portal	centralindiaexport.com
Corporate Motto	"Greeting the day, greeting the future! · The whole world runs on trust!"

2. CORPORATE PHILOSOPHY: MISSION, VISION & STRATEGIC PILLARS

Corporate Mission

"To empower ophthalmologists, surgical clinics, and healthcare distributors worldwide with certified, micron-precision ophthalmic instruments/consumables/equipments and IOVUE™ intraocular lenses with a strict control over quality of products and quality of working."

Global Vision

"To establish Central India Export as Asia's premier zero-defect exporter of ophthalmic surgical products, continuously innovating new products and moving with the world."

Pillars of Excellence & Quality Values:

- 100% Optical Power Interferometry:** Every single IOVUE™ lens is individually tested for diopter power accuracy and resolution.
- Laser-Guided Blade Edge Honing:** Micro-blade cutting edges are sharpened under laser control and inspected at 100x digital magnification.
- Certification:** Certified quality management system and technical dossiers.

3. HISTORICAL GROWTH MILESTONES (2004–2026)

- 2004** **Company Foundation:** Founded in Nagpur, India by CEO Sandeep Vaid as an ophthalmic medical equipment export merchant.
- 2009** **International Regulatory Accreditation:** Attained Trademarks, ISO certifications, and European CE Mark technical dossiers.
- 2022** **Global Reach Scale:** Expanded export network to over 31 countries with strict One Country One Distributor Policy, offering 400+ products under one roof.

4. CLEANROOM FACILITIES & 4-STAGE QUALITY ASSURANCE (QA) WORKFLOW

Unit 01: Cleanroom IOL Assembly & CNC Lathe

ISO Class 5 & 7 cleanrooms with CNC lathes for 360° Square Edge IOL milling, haptic attachment, and 100% hydration diopter testing.

Unit 02: Micro Surgical Blade Laser Honing

Swiss micro-grinding & laser honing machinery. 1.8mm-3.2mm blades inspected under 100x digital magnification.

Unit 03: Sterile Solutions BFS Liquid Filling

Blow-Fill-Seal (BFS) liquid filling lines and ETO gas sterilizers for 1.0%-1.4% Sodium Hyaluronate viscoelastics.

Unit 04: Prosthetics & Diagnostic Strip Lab

Hand-polished PMMA ocular artificial eyes in custom iris shades & lint-free medical paper diagnostic strips.

STAGE 01: MATERIAL SPECTROMETRY

Verification of pure PMMA, hydrophilic/hydrophobic polymers, and Swiss Grade 5 Titanium for zero cytotoxicity.

STAGE 02: CLEANROOM CNC MACHINING & HONING

Precision lathe cutting of 360° Square Edge IOL optics and 100x magnification laser honing of micro blades.

STAGE 03: ETO & STEAM STERILIZATION & BLISTER PACKAGING

Medical grade blister sealing and Ethylene Oxide gas sterilization with biological indicator incubation.

STAGE 04: LOT SAMPLING & INTERFEROMETRY

100% optical power diopter verification and sterile lot release certification before international shipment.

5. DEEP TECHNICAL OVERVIEW OF MAIN PRODUCT VERTICALS (400+ ITEMS)

Vertical Series 01: Intraocular Lenses & IOVUE™ Brand (45+ Items)
Coverage: Hydrophilic Acrylic Foldable IOLs, Hydrophobic 3-Piece Acrylic IOLs, Single-Piece PMMA Posterior Chamber IOLs, Iris Fixation Claw Lenses, Anterior Chamber Lenses, Capsular Tension Rings (CTR), Disposable Injectors & Cartridges.
Key Feature: 360° Continuous Square Edge optic design to block Lens Epithelial Cell (LEC) migration and prevent secondary PCO.

Model Variant	Material Formulation	Optic / Overall Size	Diopter Power Range	A-Constant
IOVUE Hydrophilic Square Edge	Hydrophilic Acrylic (26% Water)	6.00mm / 12.50mm	+10.0D to +30.0D (0.5D steps)	118.5
IOVUE Hydrophobic 3-Piece Acrylic	Hydrophobic Acrylic + PMMA Haptics	6.00mm / 13.00mm	+15.0D to +25.0D (0.5D steps)	118.9
IOVUE PMMA PC IOL	High Purified PMMA (UV Absorbing)	6.00mm / 12.50mm	+0.0D to +35.0D (0.5D steps)	118.2
IOVUE Capsular Tension Ring (CTR)	Medical Grade PMMA Filament	10mm / 11mm / 12mm Uncompressed	N/A (Capsular Bag Stability)	N/A

Vertical Series 02: Micro Surgical Blades

Slit, Keratome (1.8-3.2mm), Lance/Stab (15°, 30°, 45°), Crescent, MVR Sideport (19G, 20G, 23G), Safety Handle Knives. Swiss stainless steel.

Vertical Series 03: Surgical Instruments

Forceps, Micro Scissors, Needle Holders, Cannulas, Speculums, Calipers. Swiss Grade 5 Titanium & 316L Stainless Steel. Autoclavable to 134°C.

Vertical Series 04: Solutions & Diagnostics

1.0%-1.4% Sodium Hyaluronate Viscoelastics in pre-filled glass syringes, Diagnostic Paper Strips (Fluorescein, Schirmer), PMMA Ocular Prosthetics.

6. GLOBAL REACH & REGION BREAKDOWN

EXPORT NETWORK & EXCLUSIVE DISTRIBUTION POLICY

Central India Export serves over **31 countries worldwide** with a strict corporate policy of **ONE COUNTRY ONE DISTRIBUTOR NETWORK**, ensuring exclusive market protection and strong long-term partnerships.

Region	Primary Export Destinations
eu Europe	United Kingdom, Turkey, Spain
us Americas	Guatemala, Venezuela, El Salvador, Honduras, Mexico, Brazil, Colombia, Chile, Uruguay, Jamaica, Panama
ae Middle East & Africa	United Arab Emirates, Chad, Burkina Faso, Ghana, Ivory Coast, South Africa, Kenya, Nigeria, Niger, Mauritania, Mauritius
🌐 Asia-Pacific	India, Thailand, Vietnam, Philippines, Indonesia, Malaysia, Sri Lanka, Nepal

7. MIHAN LOGISTICS ADVANTAGE & OEM SERVICES

MIHAN Logistics Advantage

- **Zero Mile Hub:** Located adjacent to Nagpur MIHAN International Cargo Hub.
- **Dispatch Timeline:** In-stock orders dispatched within 1 to 3 business weeks.
- **Incoterms 2020:** FOB (Nagpur / Mumbai), CIF, CFR.
- **Carriers:** DHL, FedEx, and international air freight lines.

OEM Private Label Services

- **Laser Marking:** Custom distributor logo etching on handles.
- **Custom Optics:** Tailored diopter sizes & haptic geometry for tenders.
- **Private Labeling:** Customized sterile blister packs & box printing.
- **Sample Dispatch:** Evaluation samples dispatched in 48 hours.

8. B2B WHOLESALE FAQ FOR MEDICAL IMPORTERS

Q1: What are Central India Export's Minimum Order Quantities (MOQs)?

A: CIE offers flexible MOQ terms for initial clinic and distributor evaluation orders. Tiered volume pricing is available for container and air cargo shipments.

Q2: How can international buyers request product samples for evaluation?

A: Evaluation samples for ophthalmic consumables can be dispatched within 48 business hours via FedEx or DHL air express upon request.

Q3: What international payment & shipping Incoterms do you support?

A: We support Wire Transfer (T/T), Irrevocable Letter of Credit (L/C at sight), Paypal, and Cash Against Documents (CAD). Incoterms include FOB (Nagpur/Mumbai), CIF, and CFR Incoterms 2020.

Q4: How do I receive formal proforma quotes and quality certificates?

A: Email cie@cieindia.com / vaidsandeep100@gmail.com. Our export desk issues formal proforma invoices along with technical dossiers within 24 business hours.
